

So many of the Vandas are practically "ever-blooming" that they produce more flowers per year than most any Orchid you can name. (See Pages Q and V.) The following are strong growing hybrid Vandas in 2-inch and 3-inch pots. Grown properly, with plenty of light, water and food, the 2-inch hybrids should bloom in 2 to 3 years; the 3-inch in 15 months to 2 years.

V-24 V. SANDERIANA X V. DENISONIANA - Yellow to pink, favoring Sanderiana in form and markings. In 3-inch pots only.

V-26 V. HONOLII (Sanderiana X Herziana) - Wide color range includes pink, blue and raspberry red; fine form and texture. In 2-inch and 3-inch pots.

V-31 V. ELLEN NOA (Dearei X Sanderiana) - Tones of cream, yellow, buff, tan, with brown markings. Excellent form. In 3-inch pots only.

V-34 V. GERTRUDE MIYAMOTO (Mem. G. Tanaka X Sanderiana) - Large, flat cream to yellow; tan to brown markings. In 3-inch pots only.

V-45 V. FLAMMEROLLE (Luzonica X Coerulea) - Very free flowering hybrid producing varying shades of blue. In 3-inch pots only.

V-46 V. HERZIANA X V. FLAMMEROLLE - Another blue hybrid. In 3-inch pots only.

V-47 V. SOUVENIR DE BERTHA (Gilbert Triboulet X Coerulea) - Varying shades of blue. In 3-inch pots only.

V-63 V. BURGEFII (Sanderiana X Suavis) - Light pink with red-brown markings. Mature plants average 100 blooms per year. In 2-inch and 3-inch pots.

V-64 V. FRANKENSTEINIANA (Herziana X Coerulea) - Good production of bright blue flowers. In 3-inch pots only.

V-68 V. MARY FOSTER (Merrillii X Sanderiana) - Flat, open, gold to bronze flowers; petal tips maroon red. In 3-inch pots only.

V-69 V. PINK BLUSH (Herziana X Rothschildiana) - Varying shades from pink-lavender to deep violet blue. In 3-inch pots only.

V-70 V. BLUE SLATE (Gilbert Triboulet X Rothschildiana) - Shades of blue. In 3-inch pots.

V-71 V. SAPHIR X V. SANDERIANA - Wide color range. In 3-inch pots only.

V-129 V. KALALAU (Paki X Ellen Noa) - Small clear yellow; red zone on green lip. In 2-inch and 3-inch pots.

V-140 V. AGNES JOAQUIM X V. GILBERT TRIBOULET - Semi-terete for blue-lavender flowers, larger and more open than Miss Joaquim. In 2-inch and 3-inch pots.

V-302 V. CHIMEY WALKER (Flammerolle X Sanderiana) - Varying shades of blue, lavender, pink. Large, flat, open blooms. In 3-inch pots only.

Many strap-leaf Vandas are practically "ever-blooming", producing more flowers per year than the most prolific of Cattleyas. (See Pages Q and V.) With plenty of light, water and food, the following hybrids in 2-inch pots should bloom in three years. Those in 3-inch should bloom in 15 months to two years.

IN TWO-INCH POTS

#

- V-3 V. PUNA X V. MARY FOSTER - Round, flat flowers, red to golden brown.
- V-26 V. HONOLII (Sanderiana, Hawaii X Herziana, Azure) - Wide color range includes pink, smoky blues and even rich, raspberry reds. Fine form and texture.
- V-63 V. BURGEFII (Sanderiana X Suavis) - Pale pink with red-brown markings. Very free flowering, fully mature plants averaging 100 blooms per year.
- V-12 V. TRICOLOR X V. ELLEN NOA - Cream, yellow, buff or tan with brown markings. This special variety of Tricolor had extra fine form and color.
- V-129 V. KALALAU (Paki X Ellen Noa) - Small clear yellow; red zone on green lip. Striking color contrast.
- V-140 V. AGNES JOAQUIM X V. GILBERT TRIBOULET - Semi-terete producer of light, blue-lavender flowers, larger, more open and flat than Joaquim.
- V-141 V. GILBERT TRIBOULET X V. TATZERI - Should produce fine blue and grey-blue flowers with brown markings. Heavy textured, with nice round form.

Single Vanda Seedling in 2-inch pot.....\$2.50

Any four in 2-inch (Your Choice).....\$6.00

Seven or more Vanda Seedlings in 2-inch pots (Your Choice).....\$1.25 each

IN THREE-INCH POTS

- V-24 V. SANDERIANA X V. DENISONIANA - Yellow to pink background with russet brown markings. Nice round form; heavy texture.
- V-26 V. HONOLII (Sanderiana, Hawaii X Herziana, Azure) - Described above.
